Drew, Ali,

Would you draw in the Haystack AUM Boundary Line on the attached Figure? It looks to me like the new proposed survey areas might still be in conflict with the AUM boundary itself.

Thanks,

Mike

Mike W. Makerov

EXTERNAL EMAIL

Good morning Drew:

I recieved a call back from Mr. Bitsoi-Surveyer yesterday. He is willing to re-do the home survey for Ex. 6 Personal Privacy (PP) on December 3, 2019. His cost for the survey will be \$315.00, do I work with Rena Martin to get this completed for next Tuesday.

I did get with Darlene and she has layered the homesites on the scanned site in Haystack.

Please let me know ASAP, so I can confirm with Mr. Bitsoi for December 3, 2019.

Vivian

Hi Vivian – Were you able to connect with Darlene on the figures for Haystack? Let me know if you have a status update.

Thanks,
Drew

Hi Drew, attached here is the 2018 gamma scanning Shapefile (and yes, it was a 2x2, the Removal Assessment was mostly 3x3 which is why the figure shows relative background instead of cpm). I think Sam Cheek was the one in the field collecting the data, so I can follow up with him if you have any specific questions about anything.

FYI – the coordinate system/datum for the shapefile is GCS_WGS_1984 / D_WGS_1984.

Let me know if you need anything else,

Alex

**** External Email ****

Alex – Just got off the phone with USEPA/NNEPA. Can you send over the shapefiles of the attached gamma data? Looks like 2x2 but please confirm.

Thanks,
Drew
